Introducing Support for Low T (Low Testosterone) Care

Your Progyny benefit includes:

With Ongoing Fertility & Family Building Support

Coverage for fertility treatment
(e.g., IUI, IVF, and more)

Access to a network of top specialists
Including Reproductive Endocrinologists and Reproductive Urologists (male reproductive health experts)

Low T (Low Testosterone) testing and treatment options to address symptoms such as reduced sex drive, fatigue, decreased muscle mass, and hair loss

Unlimited personalized support
and guidance from a dedicated Progyny Care Advocate (PCA)

The person receiving treatment must be eligible to have access to the Progyny benefit. Covered services are subject to financial responsibility according to your plan.

To get started and activate your benefit,
Call Progyny at 866.946.0636
